# ABOUT THE CENTRE

The primary purpose of the Centre for Data & Analysis on Psychology Licensure (the Centre) is to support psychology licensing boards in making informed decisions through consistent data collection, analysis and reporting. With this third publication of ASPPB InFocus and updated Centre, ASPPB wants to thank our member boards for their participation and we look forward to continued collaboration in the collection and analysis for the regulation of the profession of psychology.

# ABOUT THE DATA

This is the third edition of the ASPPB InFocus and the Centre will continue to identify data points and modify data displays for future publications. The data presented in this publication is derived from several sources:

## ASPPB Data Repositories

1. PSY|Book - ASPPB's online reporting tool for licensure requirements. Representatives from the psychology licensing boards complete an annual survey regarding the licensing requirements specific to each jurisdiction. ASPPB does not alter the responses to the survey. The data displayed in this publication represents all survey information gathered at time of publication. ASPPB recommends confirming specific data points directly with the psychology licensing boards prior to making licensure or regulatory decisions.
2. ASPPB Membership Data
3. ASPPB EPPP Candidate Tracking
4. ASPPB Disciplinary Data System

## Psychology Interjurisdictional Compact (PSYPACT)

PSYPACT data is provided by the PSYPACT Commission. Data presented regarding PSYPACT is current through December 31, 2022. ASPPB recommends contacting PSYPACT staff or visiting [www.psypact.org](http://www.psypact.org) for the most current information.

# Welcome to ASPPB InFocus 2022

Greetings,

Over the past few years we have been faced with a world that seems to be ever changing. As a result, it has become even more important to identify reliable avenues to obtain information that is both educating and stabilizing in how to manage the day-to-day challenges we are faced with. I believe the same is true for the regulatory community and for those who have or are pursuing licensure in the field of psychology. To support the work of psychology licensing boards and colleges, to provide valuable information for those seeking licensure, and to educate those not familiar with the details associated with the regulation of psychology, the Association of State and Provincial Psychology Boards (ASPPB) is happy to introduce the third annual edition of the **ASPPB InFocus**.

Through the work of ASPPB's Centre for Data & Analysis on Psychology Licensure (The Centre) this year's **ASPPB InFocus** includes information on 55 jurisdictions. Specifically, this edition provides the reader with a broad view of pertinent information about psychology licensure in the United States and Canada, along with a section that provides further refined information related to education, supervision, examinations, license renewals, and continuing professional development/continuing education requirements. Also included are three separate focus sections that concentrate on the Psychology Interjurisdictional Compact (PSYPACT), the Examination for Professional Practice in Psychology (EPPP) and on the ASPPB Disciplinary Data System (DDS).

On behalf of ASPPB and The Centre, thank you for taking the time to view this issue of the **ASPPB InFocus**. It is our hope that this edition will provide you with valuable information that will assist in guiding you through your day-to-day activities as they relate to the regulation of psychology and the commitment to public protection.

Sincerely,

Mariann Burnetti-Atwell, PsyD  
Chief Executive Officer, ASPPB

# SPOTLIGHT

Big picture view of psychology licensure in the United States and Canada with a spotlight on the number of licenses, education, supervised experience, exams, fees, renewals, continuing education/continuing professional development and other pertinent information about psychology licensure.

# NUMBER OF LICENSES

Psychology licensing boards are responsible for governing the practice of psychology in their state, province or territory. In order to practice as a psychologist in the U.S. and Canada, a psychologist must obtain an active license to practice psychology from their state or provincial psychology licensing board. Each year, ASPPB surveys the psychology licensing boards regarding the numbers of licenses they maintain and issue. The following information displays data from the number of licenses maintained and issued in 2022 by respondents.

Number of Licenses in U.S. and Canada

**177,431**

Average Number of Licenses in a Jurisdiction

**2,722**

Minimum Number of Licenses in a Jurisdiction

**8 (Commonwealth of the Northern Mariana Islands)**

Maximum Number of Licenses in a Jurisdiction

**24,344 (California)**

As noted in the previous data displays, psychology licensing boards issue multiple types of licenses and the licensing requirements for each type of license vary. The following data focuses on licensure requirements for practicing as a psychologist in the United States, U.S. Territories, and Canada. Please submit an inquiry to the Centre or visit the psychology licensing board websites for additional information on types of licenses.

# EDUCATION

In order to practice independently as a psychologist in the U.S. and Canada, the prevailing standard is that a psychologist must have obtained a doctoral degree in psychology. The **majority of respondents (58%)** accept programs accredited by the American Psychological Association (APA) or the Canadian Psychological Association (CPA) but also allow for other alternatives. Additionally, **most respondents (77%)** require regional accreditation of the degree granting institution. Data from 2022 also reveals that **55% of respondents** have a residency requirement.

# SUPERVISION

Supervised experience is a key requirement in the path to becoming a licensed psychologist. Depending on jurisdictional requirements, the composition of supervised experience hours can be met via practicum, internships, or postdoctoral experience. **48% of the respondents** accept practicum experience while **73% of respondents** require internship and **65% of respondents** require postdoctoral experience to satisfy supervised experience requirements.

## PRACTICUM

OF 60 RESPONDENTS **ACCEPT PRACTICUM HOURS FOR LICENSURE**

**48%** of respondents accept practicum hours for licensure with **2** respondents indicating practicum hours were "Not Applicable".

## INTERNSHIP

OF 60 RESPONDENTS **REQUIRE INTERNSHIP HOURS FOR LICENSURE**

**18%** of respondents accept internship hours for licensure and **7%** of respondents indicated "Other" with **1** respondent indicating internship hours were "Not Applicable".

## POSTDOCTORAL EXPERIENCE

OF 60 RESPONDENTS **REQUIRE POSTDOCTORAL EXPERIENCE HOURS FOR LICENSURE**

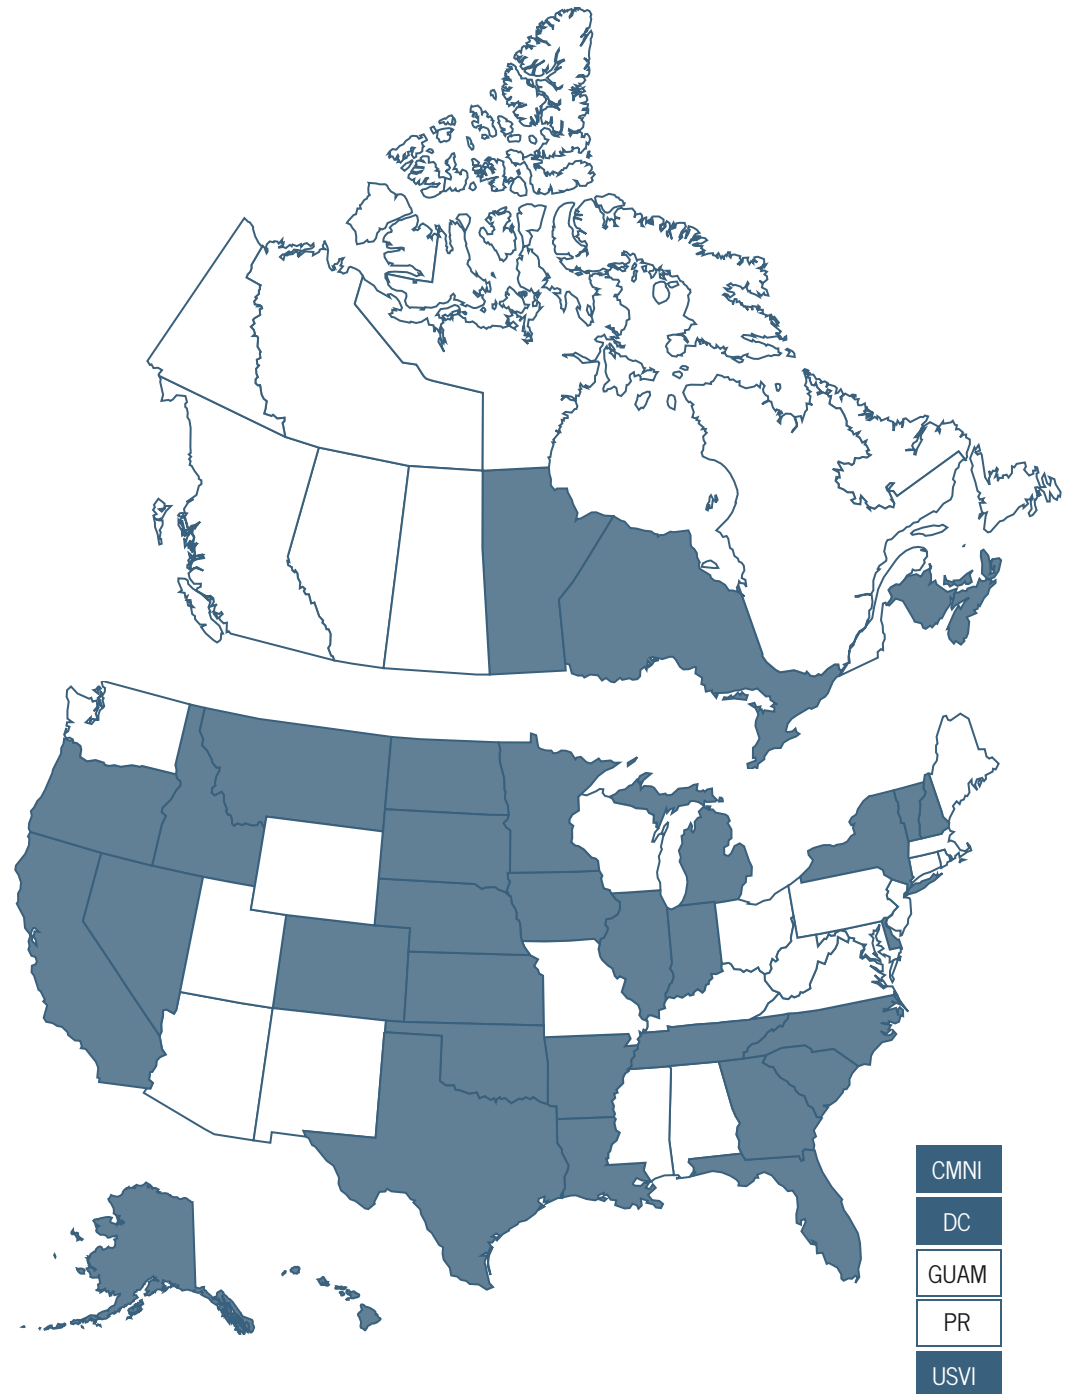

**20%** of respondents accept postdoctoral experience hours for licensure and **2%** of respondents indicated "Other" with **6** respondents indicating postdoctoral experience hours were "Not Applicable".

## A CLOSER LOOK AT POSTDOCTORAL EXPERIENCE

The following psychology licensing  
boards require postdoctoral experience:

# EXAMINATIONS

Approximately 98% of respondents require the EPPP (Part 1 - Knowledge) as a requirement to obtain a license to practice as a psychologist. Some respondents also require applicants for licensure take an oral examination (27%) with a larger proportion of respondents requiring applicants for licensure take a jurisprudence examination (67%) specific to their jurisdiction's statutes and rules and regulations.

59 out of 60 Respondents require the EPPP  
(Part 1 - Knowledge)

16 out of 60 Respondents  
require an Oral Exam

40 out of 60 Respondents require a

# EPPP (PART 1 - KNOWLEDGE)

The EPPP (Part 1 - Knowledge) is developed and owned by ASPPB and is provided to psychology licensing boards to assist them in their evaluation of the qualifications of applicants for licensure. Initially, the EPPP (Part 1- Knowledge) was administered via paper form and the **largest proportion of respondents** use the ASPPB Recommended Passing Point as the definition of a passing score in their rules/regulations. Starting in April 2001, the EPPP (Part 1 - Knowledge) was administered via computer. For the computer-administered EPPP (Part 1 - Knowledge), **most respondents** either use the ASPPB Recommended Passing Point or the scaled score of 500 as the definition of a passing score in their rules/regulations. Additionally, **26 out of 60 respondents** allow applicants to take the EPPP (Part 1 - Knowledge) after their degree has been granted.

# EPPP (PART 2 - SKILLS)

The EPPP (Part 2 - Skills) was introduced in 2020 and is used to evaluate the skills of a candidate applying for licensure in Psychology. The skills-based assessment includes questions about applied, real-world situations that psychologists face in practice. The exam provides valuable information to licensing boards as it assesses the candidate's ability to show what they would do in an applied setting.

# TEMPORARY PRACTICE

Temporary practice is defined by ASPPB as when an individual licensed to practice psychology at the doctoral level in one jurisdiction may practice psychology in another jurisdiction for a specific period of time without obtaining full licensure. Though requirements vary by jurisdiction, **45 out of 60 respondents** authorize temporary practice through one of the methods listed below.

n=46

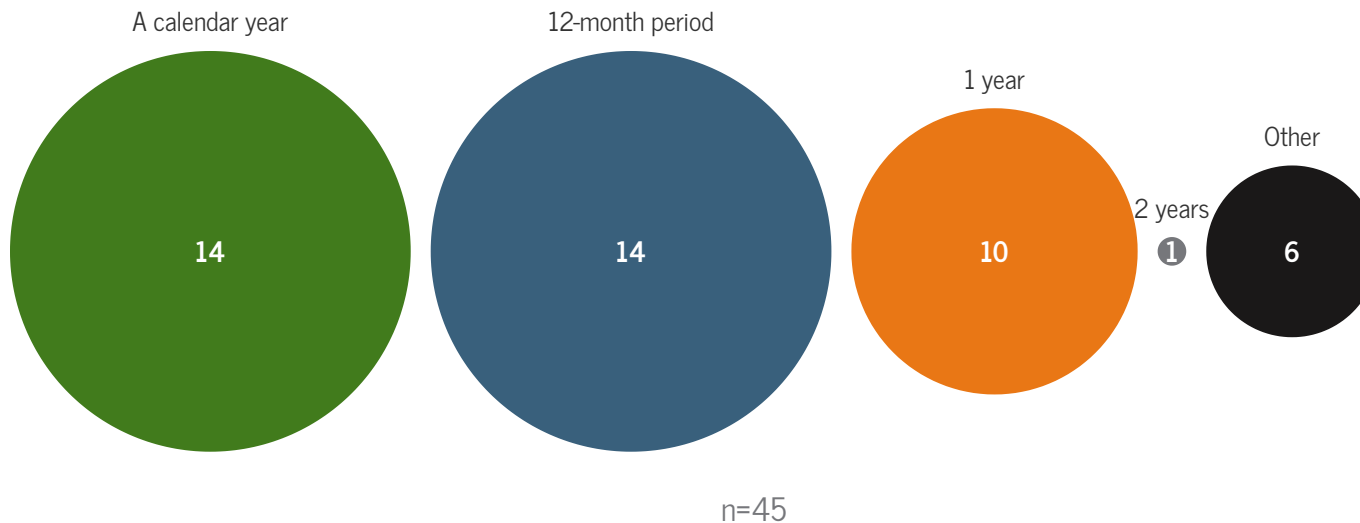

## Maximum Number of Days

## Must Days Be Consecutive

## Temporary Practice Timeframe

## Important Note: PSYPACT and Temporary Practice

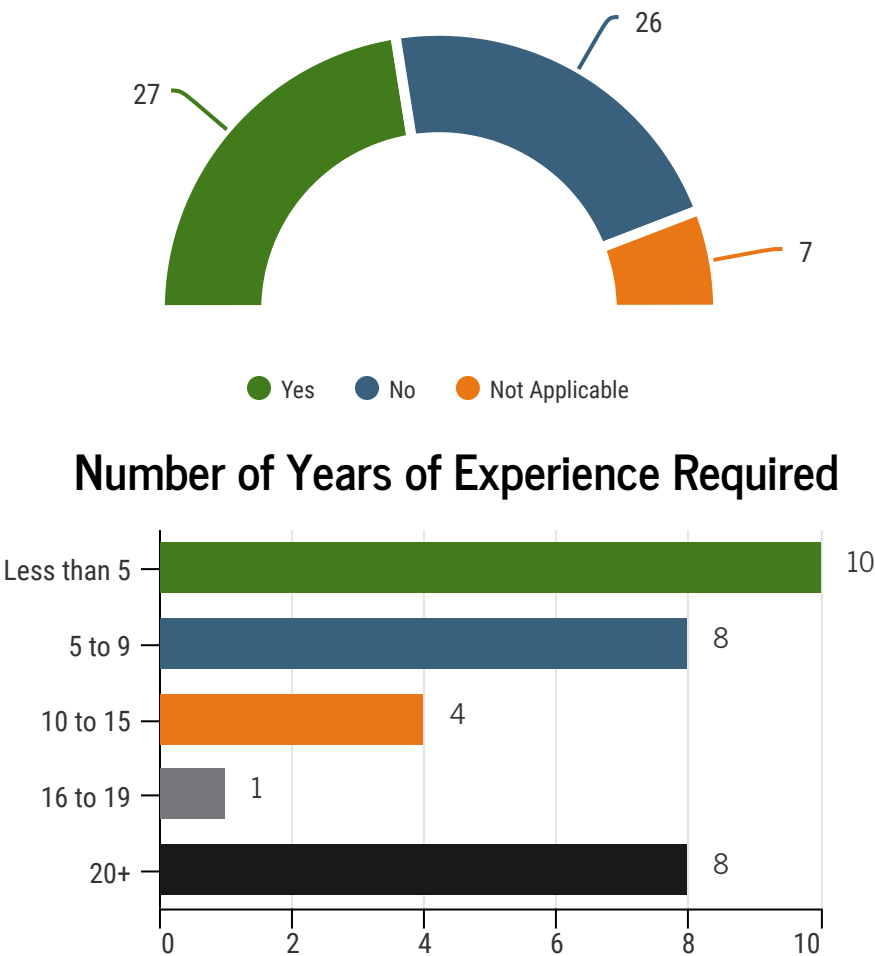

The Psychology Interjurisdictional Compact (PSYPACT) is an interstate compact designed to facilitate the practice of telepsychology and the temporary in-person, face-to-face practice of psychology across state lines in PSYPACT participating states. For temporary practice under the authority of PSYPACT, psychologists licensed in PSYPACT participating states can apply to practice temporarily up to 30 calendar days per calendar year in each PSYPACT state. Data in this section is not reflective of PSYPACT participating states. For more information about PSYPACT, visit the Focus: PSYPACT section of this publication.

# LICENSURE BY EXPERIENCE

In certain jurisdictions, applicants for licensure receive special consideration based on the number of years of experience as a licensed psychologist in another jurisdiction.

## Special Consideration based on Number of Years of Experience

# LICENSURE BY ENDORSEMENT

Some psychology licensing boards offer licensure by endorsement based on certain credentials.

## Endorsement Options

	Yes	No	NA
ASPPB Certificate of Professional Qualification in Psychology (CPQ)	38	17	5

# EXEMPTIONS

64% of respondents have settings in which a psychologist is exempt from the requirement to be licensed.

## Settings in which a Psychologist is exempt from the requirement to be licensed

# PRESCRIPTIVE AUTHORITY

In some jurisdictions, a licensed psychologist may obtain the authority to prescribe medications if the psychologist has met certain requirements.

7 out of 65

jurisdictions in the U.S. and Canada can issue prescriptive authority to licensed psychologists. Of those 7, 6 include prescriptive authority under the authority of the psychology licensing board. Issuance of prescriptive authority may be under the authority of a different regulatory agency in other jurisdictions.

# FOCUS: PSYPACT

Focusing in on the Psychology Interjurisdictional Compact (PSYPACT): an interstate compact designed to facilitate the practice of telepsychology and the temporary in-person, face-to-face practice of psychology across state boundaries in PSYPACT participating states. When applications officially opened, PSYPACT began providing licensed psychologists the opportunity to increase access to mental healthcare services while giving states a mechanism to enhance their ability to protect the health and safety of the public. The following represents data through December 31, 2022.

# PSYPACT PSYCHOLOGY INTERJURISDICTIONAL COMPACT

## About PSYPACT

The Psychology Interjurisdictional Compact (PSYPACT) is a mutual recognition interstate compact designed to facilitate the interstate practice of telepsychology and/or the temporary in-person-face-to-face practice of psychology in PSYPACT states.

## PSYPACT Commission

The PSYPACT Commission is the governing body responsible for its oversight and creation of Rules and Bylaws.

## PSYPACT States

Alabama	Kansas	Ohio
Arizona	Kentucky	Oklahoma
Arkansas	Maine	Pennsylvania
Colorado	Maryland	Rhode Island**
Commonwealth of the Northern Mariana Islands	Michigan*	Tennessee
Connecticut	Minnesota	Texas
Delaware	Missouri	Utah
District of Columbia	Nebraska	Virginia
Georgia	Nevada	Washington
Idaho	New Hampshire	West Virginia
Illinois	New Jersey	Wisconsin
Indiana	North Carolina	

\* Effective 3/1/2023  
\*\* Effective Tentatively 3/1/2023

## Introduced vs. Enacted Legislation by Year

## Practicing Telepsychology

In order to practice telepsychology under the authority of PSYPACT, the PSYPACT Commission requires that a psychologist obtain an Authority to Practice Interjurisdictional Telepsychology (APIT). One requirement of the APIT is the ASPPB E.Passport.

## Practicing Temporarily

In order to conduct temporary practice under the authority of PSYPACT, the PSYPACT Commission requires that a psychologist obtain a Temporary Authorization to Practice (TAP). One requirement of the TAP is the ASPPB Interjurisdictional Practice Certificate (IPC).

# FOCUS: EPPP

Focusing on the Examination for Professional Practice in Psychology (EPPP), which is developed and owned by ASPPB since 1963. The EPPP is provided to state and provincial boards of psychology to assist them in their evaluation of the qualifications of applicants for licensure and certification.

# Total EPPP's Administered Per Year (Past 21 Years )

Candidates who sit for the EPPP must first be approved by a psychology licensing board. Between 1965 to 1978, the EPPP was administered on a rolling basis. This changed between 1979 and 2001, when the EPPP was administered twice per year, once in April and once in October. Since 2001, the EPPP has returned to being administered on a rolling basis.

# First Time and Repeat EPPP Takers (2022)

If candidates score does not meet their licensing authority's requirement for licensure, they may re-apply to take the EPPP by contacting their psychology licensing board.

# FOCUS: DDS

Focusing on the ASPPB Disciplinary Data System (DDS): a repository of publicly reported disciplinary actions taken by the psychology licensing boards. With records that date back to the 1970's, it allows sharing of information between jurisdictions regarding the disciplinary actions taken against their licensees.

# Top Disciplinary Reason Types (Past 7 Years)

Psychology licensing boards will review any formal written complaint about a psychologist's services or behavior related to the practice of psychology and will take disciplinary action if they find evidence of incompetent, unprofessional services, unethical, unprofessional and/or illegal behavior. Psychology licensing boards may have differences in their laws and rules regarding the practice of psychology and licensed professionals.

# Disciplinary Action Types Taken Per Year (Past 10 Years)

Each psychology licensing board determines the appropriate disciplinary action based on the findings of an investigation. The top four disciplinary action types taken are: reprimand, revocation, probation, and suspension.

## SPOTLIGHT

1. As part of the collection of ASPPB membership dues, psychology licensing boards are surveyed regarding the current number of licenses they maintain and issue. 2022 data is not available for the following jurisdictions: Puerto Rico. 2021 data was included due to no response for the following jurisdictions: Alaska, British Columbia, Maine, Nebraska, New Mexico, Northern Mariana Islands, Rhode Island, South Carolina, Tennessee, Virgin Islands, and Washington.
2. The American Psychological Association (APA) is a scientific and professional organization that represents psychologists in the United States.
3. The Canadian Psychological Association (CPA) is the national association for the science, practice and education of psychology in Canada.
4. Regional accreditation applies to an institution of higher education that was, at the time the degree was awarded, regionally accredited by bodies approved by the Council on Postsecondary Accreditation and the United States Office of Education, or a university recognized by Universities Canada, formerly known as Universities and Colleges of Canada (AUCC).
5. Residency means physical presence, in person, face-to-face, at an educational institution granting the doctoral degree for the purposes facilitating acculturation in the procession, the full participation and integration of the individual in the education and training experiences and includes faculty student interaction. Training models that rely exclusively on physical presence for periods less than one (1) (e.g., Multiple long weekends and/or summer intensive sessions), or that use video teleconferencing or other electronic means as a substitute for any part of the minimum requirement for physical presence at the institution do not meet this definition of residency.

## SNAPSHOT

1. Pennsylvania: Predoctoral internship is a part of the APA accredited doctoral program. The predoctoral internship is automatically accepted as satisfying 1 of the 2 years of supervised experience.

## FOCUS - DDS

1. Data in this section comes from the ASPPB Member Services division's Disciplinary Data System.
2. The number of reported reasons listed in a report may change based on information provided by the licensing board after the publication of a previous annual report. Reported reasons are listed based on the date of discipline taken and not the date reported to ASPPB.
3. Reprimand as defined by the ASPPB Committee on Disciplinary Issues (CODI): A disciplinary action that constitutes public admonishment by the licensing entity.
4. Revocation as defined by the ASPPB Committee on Disciplinary Issues (CODI): A disciplinary action that takes away licensure or registration by the licensing entity; however, in some instances the individual may reapply for licensure at a later time.
5. Probation as defined by the ASPPB Committee on Disciplinary Issues (CODI): A disciplinary action taken by the licensing entity which allows the individual's right to practice to continue, but with terms and conditions added to protect the public during that time of probation.
6. Suspension as defined by the ASPPB Committee on Disciplinary Issues (CODI): A loss of licensure or registration by the licensing entity for a defined period of time or, in some cases, an indefinite period of time; in order for the suspension to be lifted, often other conditions must be met.
